

Experiential Learning through Educational tour

The Context-

The Government Lal Chakradhar Shah Post Graduate College Ambagarh Chowki is located in tribal district of Mohla-Manpur-Ambagarh Chowki of Chhattisgarh. As the college is running in the rural and tribal populated area, the students are coming from lower background. We know that apart from learning through college-based teaching learning activity, the experiential learning has some different significance in learning things in deep. With these objectives we organise educational Tour for students in our college.

Objective of the Practice-

- Effective learning
- Personal Development
- Deepening Social and Historical Knowledge
- Developing Critical Thinking
- Cultural Respect
- Enhancing Perspective
- Effective Communication

The Practice

- Educational Tour organised by Department of Chemistry to Mongra Dam and nearby plant diversity on 07.02.2024.
- Educational Tour jointly organised by Department of Botany, Zoology and Chemistry to various natural sites of Bastar on 26.02.2024 to 28.02.2024.
- Educational; Tour organised by Political Science Department to various socio-political and historical place of Bastar on 26.02.2024 to 28.02.2024.
- Educational tour organised by Department of Economics to various Socio-economic place of significance in Bastar on 26.02.2024 to 28.02.2024.

Advantage of Practice-

- **Biodiversity Exploration:** Bastar is home to a rich variety of plant species, including many medicinal and rare plants. Students have studied these plants in their natural habitats, enhanced their understood plant diversity and ecology.
- **Wildlife Observation:** Bastar's forests and wildlife sanctuaries, such as Kanger Valley National Parks provided opportunities to observe a wide range of animal species, including some that are endemic to the region.
- **Soil and Water Analysis:** students collected and analysed soil and water samples from different locations in Bastar to study their chemical properties and understood the environmental factors affecting the region.
- **Study of tribal Economy:** Bastar is home to various indigenous tribes with unique economic systems. students learn about traditional barter system still presents at Bastar, local markets and the economic activities that sustain these communities.
